OCTAVIEW®

Made out of respect for food

With a crystal-clear lid and a grey recyclable base, Octaview® is made to make your ingredients shine.

OCTAVIEW®

Made for fresh salads.
Made for delicate sushi.
Made for charcuterie.

Octaview® keeps cold dishes protected while looking their best— ideal for grocery retailers, deli counters, and caterers who want every dish to spark appetite. Made out of respect for food.

TEAR-OFF LID

THE OCTAGON SHAPE

The classic octagonal Octaview[®] shape provides ample space for elegant plating, giving each creation a polished frame.

MADE TO SUSTAIN

Packaging your customers trust

Made from recyclable APET without carbon black, Octaview® cuts CO₂e emissions by up to 78% compared to PS. Additionally, APET ensures packaging that is both stronger and more durable than PS.

Recyclable as plastic

*Made from APET, the range reduces CO₂e emissions by up to 78% compared to black PS. This was calculated by the Duni CO₂e calculator, verified by the Carbon Trust.

A DUNI-EXCLUSIVE DESIGN

The distinctive diamond shape reflects true packaging innovation. Thanks to smart engineering, the box remains sturdy and strong – even with less material used in production.

Designed for perfect stackability and handling, it supports efficient operation while showcasing food that sells.

Excellent stackability

No carbon black
